FTMT1 p.118

Soul of My Soul, Heart of My Heart, bend down your ear, and listen well. Listen, as listens a mother, who, with smile on her lips and light in her eyes, listens to the beat of the fast-coming feet that are bringing her loved ones, her husband or children, back to their hearthstone — back to her arms.

Listen! and know that the heart throb you feel, the life pulse you hear, is but the extension, the rhythmic revealing of heart throb and life pulse arising in me, escaping fast from me, and finding a shelter in your willing heart, till you send them forth on their mission of service. It may be to people a world through the love they invoke, or empty a world through the hatred they bear.

I am the Ultimo, you the revealer and dispenser. In you lies the power to turn into channels of Good, or to poison with Evil, the love stream that flows from my soul to your own.

Child of Eternity! Seek well and listen! Listen till the rhythmic vibration, the life beat of God, strikes your ear.
